

International Billing Terms and Conditions

- Minutes stated are an approximation of the minimum minutes you will receive to that international destination.
- Announced minutes may be different to these minutes because they are calculated using the details of the calls that you are actually making.
- Minutes stated and announced include all charges and are calculated on the basis that each call is for 4 minutes. We do this because our typical customer makes 4 minute calls.
- Calls in excess of 4 minutes use 3 advertised minutes for each actual minute of that call's duration. For example, if you call for 5 minutes we will deduct 15 minutes from your account.
